

CLAIMS

I claim:

1. A bouquet jewel comprising, in combination:

a post having a bouquet insertion end and a display end, said bouquet insertion end dimensioned to be inserted into a bouquet of flowers while at the same time said display end being dimensioned to be proximate said flowers; and

at least one jewel coupled in a substantially perpendicular orientation to said display end of said post.

2. The bouquet jewel of claim 1 wherein said post being comprised of metal.

3. The bouquet jewel of Claim 2 wherein said post being gold plated.

4. The bouquet jewel of Claim 2 wherein said post being silver plated.

5. The bouquet jewel of Claim 1 wherein said post having a diameter of between approximately 2-3 millimeters.

6. The bouquet jewel of Claim 1 wherein said post having a length of between approximately 4-6 inches.

7. The bouquet jewel of Claim 1 wherein said at least one jewel comprises at least one of a Swarovski Austrian crystal bead and a Swarovski Austrian crystal flower.

8. The bouquet jewel of Claim 1 wherein said at least one jewel comprises at least one Chinese cubic zirconia stone.

9. The bouquet jewel of Claim 1 wherein said at least one jewel comprises at least one glass pearl bead.

10. A bouquet jewel comprising, in combination:

a post having a bouquet insertion end and a display end, said bouquet insertion end dimensioned to be inserted into a bouquet of flowers while at the same time said display end being dimensioned to be proximate said flowers; and

at least one jewel defining a bore therethrough and dimensioned to be slidably coupled in a substantially perpendicular orientation around said post proximate said display end.

11. The bouquet jewel of Claim 10 further comprising:

a first jewel defining a bore therethrough and dimensioned to be slidably coupled in a substantially perpendicular orientation around said post proximate said display end;

a rondelle coupled to a bottom portion of said first jewel;

a second jewel defining a bore therethrough and dimensioned to be slidably coupled in a substantially perpendicular orientation around said post, a top portion of said second jewel coupled to said rondelle;

a bead cap coupled to a bottom portion of said second jewel; and

a crimp coupled to said bead cap.

12. The bouquet jewel of Claim 10 wherein said post being comprised of metal.

13. The bouquet jewel of Claim 12 wherein said post being gold plated.

14. The bouquet jewel of Claim 12 wherein said post being silver plated.

15. The bouquet jewel of Claim 10 wherein said post having a length of between approximately 4-6 inches and a diameter of between approximately 2-3 millimeters.

16. The bouquet jewel of Claim 11 wherein said first jewel being a first Swarovski Austrian crystal bead and having a diameter of approximately 10 millimeters and said second jewel being a second Swarovski Austrian crystal bead and having a diameter of approximately 8 millimeters.

17. The bouquet jewel of Claim 16 wherein said rondelle having a diameter of approximately 6 millimeters.

18. The bouquet jewel of Claim 11 wherein said first jewel being a glass pearl bead and having a diameter of approximately 14 millimeters and said second jewel being a second glass pearl bead and having a diameter of approximately 12 millimeters.

19. The bouquet jewel of Claim 18 wherein said rondelle having a diameter of approximately 8 millimeters.

20. The bouquet jewel of Claim 11 wherein said crimp having a diameter of approximately 2 millimeters.

21. A bouquet jewel comprising, in combination:

a post having a bouquet insertion end and a display end, said bouquet insertion end dimensioned to be inserted into a bouquet of flowers while at the same time said display end being dimensioned to be proximate said flowers;

at least one setting coupled in a substantially perpendicular orientation to said post proximate said display end; and

at least one jewel dimensioned to be secured into said at least one setting and dimensioned to be coupled in a substantially perpendicular orientation to said display end of said post.

22. The bouquet jewel of Claim 21 wherein said jewel is at least one Chinese cubic zirconia stone.

23. The bouquet jewel of Claim 22 wherein said at least one Chinese cubic zirconia stone being heart cut and having a diameter of approximately 14 millimeters.

24. The bouquet jewel of Claim 22 wherein said at least one Chinese cubic zirconia stone being round cut and having a diameter of approximately 14 millimeters.

25. The bouquet jewel of Claim 22 wherein said at least one Chinese cubic zirconia stone being emerald cut and having a diameter of approximately 16 millimeters and having a depth of approximately 12 millimeters.

26. The bouquet jewel of Claim 21 wherein said post being comprised of metal.

27. The bouquet jewel of Claim 26 wherein said post being gold plated.

28. The bouquet jewel of Claim 26 wherein said post being silver plated.

29. The bouquet jewel of Claim 21 wherein said post having a length of between approximately 4-6 inches and a diameter of between approximately 2-3 millimeters.

30. The bouquet jewel of Claim 21 wherein a bottom portion of said at least one setting being soldered to said post proximate said display end.

31. The bouquet jewel of Claim 21 further comprising at least one earring back, said earring back defining a bore therethrough and dimensioned to be slidably coupled around said post proximate said display end, said earring back having a top portion being coupled to a bottom portion of said at least one setting.

32. A bouquet jewel comprising, in combination:

a post having a bouquet insertion end and a display end, said bouquet insertion end dimensioned to be inserted into a bouquet of flowers while at the same time said display end being dimensioned to be proximate said flowers; and

at least one Swarovski Austrian crystal flower dimensioned to be coupled in a substantially perpendicular orientation to said post proximate said display end.

33. The bouquet jewel of Claim 32 further comprising at least one earring back, said earring back defining a bore therethrough and dimensioned to be slidably coupled around said post proximate said display end, said earring back having a top portion being coupled to a bottom portion of said at least one Swarovski Austrian crystal flower.

34. The bouquet jewel of Claim 32 wherein said post being comprised of metal.

35. The bouquet jewel of Claim 34 wherein said post being gold plated.

36. The bouquet jewel of Claim 34 wherein said post being silver plated.

37. The bouquet jewel of Claim 32 wherein said post having a length of between approximately 4-6 inches and a diameter of between approximately 2-3 millimeters.

38. The bouquet jewel of Claim 32 wherein said Swarovski Austrian crystal flower having a diameter of approximately 16 millimeters.

39. The bouquet jewel of Claim 32 wherein said Swarovski Austrian crystal flower having metal accents.

40. The bouquet jewel of Claim 39 wherein said accents are gold plated.

41. The bouquet jewel of Claim 39 wherein said accents are silver plated.

42. A bouquet jewel comprising, in combination:

a post having a cotton fiber stem insertion end and a display end, said cotton fiber stem insertion end dimensioned to be inserted into a top portion of a cotton fiber stem housed within a flower stem while at the same time said display end being dimensioned to be proximate a flower having a cotton fiber stem; and

at least one Swarovski Austrian crystal bead dimensioned to be coupled in a substantially perpendicular orientation to said post proximate said display end.

43. The bouquet jewel of Claim 42 wherein said post being comprised of metal.

44. The bouquet jewel of Claim 43 wherein said post being surgical steel.

45. The bouquet jewel of Claim 42 wherein said post having a circumference of approximately 4 millimeters and having a length of approximately 10 millimeters.

46. The bouquet jewel of Claim 42 wherein said Swarovski Austrian crystal bead having a diameter of approximately 5 millimeters.

47. The bouquet jewel of Claim 42 wherein said flower stem being a stephanotis flower stem.
